SERIE 60

Fry Top

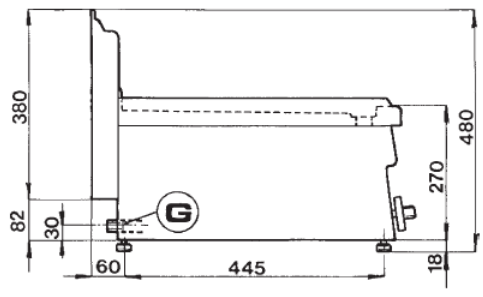

Technical features

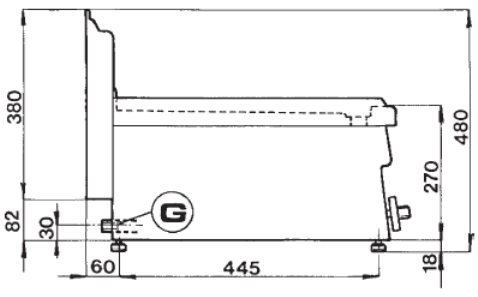

Range made of 10 electric models and 10 gas models. High heat-conductivity special steel, high-tickness cooking top. AISI 304 stainless steel, completely tight welded splash-guard with front grease collecting channel. Liquid collecting removable drawer. Gas heating: stainless steel burners heating, with self-stabilized flame, thermostat controls for T° adjustment. Uniform heat supply to the whole top. Automatic lighting with pilot burner and piezoelectric device. Safety valve and thermocouple for stopping gas supply. Electric heating: Incoloy stainless steel heating elements. Thermostatic adjustment of T° . Uniform heat supply to the whole top
